

Bon-Clyde presents.....

American Red Cross First Aid and CPR for Dogs and Cats

Saturday, August 8, 2009 (8:30am-12:00noon)

Pet First Aid is the immediate and temporary care given to an injured animal until it can be taken to a professional veterinarian for more definite medical care and attention.

The goal of pet first aid is to protect both pet owners and their pets from further harm, injury, or suffering during emergencies by teaching prompt, effective actions and care that will safe-guard the life of an injured pet.

Course Objectives

- Explain how and when to call for emergency assistance with an injured pet.
- Understand how to find out what is “normal” for your own pet.
- Identify signals of breathing emergencies, including choking, and demonstrate how to provide care.
- Identify signals of cardiac arrest and demonstrate how to provide care.
- Identify life-threatening bleeding and how to control bleeding.
- Identify signals of various injuries and how to give care.
- Identify signals of sudden illness, including poisoning, seizures, heat and cold emergencies and how to care for them.
- Describe when and how to move an injured pet.
- Describe components of a good “pet friendly” first aid kit.

Each person will receive one First Aid DVD for either cats or dogs. Please specify your choice on the registration form.
