

# Special April Seminar/Workshop April 7th and 8th, 2012

## Rosanne DeMascio

Rosanne has been involved in dog agility since 1992, when she started training her flat-coated retriever. At the time, she was 10 years old but started in Starters/Novice like all the adults, worked her way up from there. She first made the USDAA Grand Prix Finals in 1997 at the age of 14 and made them again in 1999 (both with her Flat-coat Dreamer). She also achieved an ADCH title on her first dog. Since then Rosanne has been training and running Border Collies. With every dog, her handling has evolved to suit both the dog and the changing sport of agility. Currently at the top of game, Rosanne's handling is based primarily on body cues and motion, and she puts much emphasis on prediction and guiding the dog's line of travel through the course. She is known for being skilled in both front and rear crosses (and now blinds as well!). Rosanne has been teaching running contacts to her dogs and others since 2003, and is much

**WAO Biathlon World Champion  
2-Time World Team Member  
3-Time National Champion  
22-Time National Finalist**

(1) Excellent/Masters: Course work with "emphasis on predicting and guiding the dog's line of travel through the course" Skills that will be worked on include front and rear crosses and blind crosses. Handlers and dogs must be at the Master or Excellent level with proficient of all obstacles. This is a handling seminar; obstacle skills will not be addressed. Limited to 10 working spaces. Unlimited Audit spaces.

(2) Open Workshop: Sequences at the open and advanced level for handlers wanting to improve course decisions, which cross is appropriate when and where. Sequences will vary from 5-20 obstacles. All dogs must be proficient in All obstacles and ready to work. Handlers and dogs must be at least at the Open and/or advanced levels. This is a Limited to 8 working spaces Unlimited Audit spaces

(3) Novice Workshop: Is your contact behavior slow? Weave pole problems, entries or popping? Jumping issues, lots of knocked bars? This workshop will cover all these categories and provide the skills needed to resolve these problems. Dogs will need to have knowledge of all agility equipment and competing at the Novice level or young dogs with experienced handlers. Dogs must be under control and willing to work. Limited to 8 working spaces Unlimited Audit spaces.

**Saturday and Sunday: There will be snacks and drinks for all Participants and Audits**

**Saturday there will be an hour break for Lunch  
Bring your own lunch on Saturday  
or there are many Restaurants and Fast Foods in the area**
