- Sign up:** see back of flyer

Treibball is a relatively new dog sport that began in Germany (2003) and is suitable for all breeds of dogs. The goal is for the handler and dog to work as a team, as the handler directs the dog from a distance around a formation of balls to push them into a goal one by one. Distance, time and the number of balls are some of the variables of the game. Come learn more about this fun dog sport and how you can work towards titles! Dogs must have basic obedience skills. No aggressive/reactive dogs, please.
